Supervision at first year

We would like to invite all interested colleagues to a new meeting in the network on first year PBL. In light of the presentations and discussions at the last meeting, the topic of our next meeting is “supervision of projects at first year”. Thus, we will address and discuss topics such as: what is the role and responsibilities of the supervisor at first year, how do students experience supervision at first year, what are the trademarks of supervisors at first year, what should be the focal points in supervising groups at first year, how can supervisors motivate students? The meeting is organized around some of these questions, which we will discuss in smaller groups.

13.00-13.10 – Welcome by the PBL Academy

13.10-13.16 – Igniting the discussion – the PBL academy

13.17-14.00 – Discussion in smaller groups

14.00-14.15 – Coffee and tea

14.15-14.15 – Experiences with supervision at 1st year - Kathrine Liedtke Thorndahl
